

Smartphone payment

Smartphone payment for Solarium 400

Solarium control 400 / Article no. 21-5-60-04100

Paying with a smartphone is the payment system of the future for your solarium.

Through the app, users can check availability, book a time and pay for their desired services

The smartphone connects to the device via Bluetooth.

When a payment is made, the app verifies the payment, sends a signal to the machine and the machine is ready for use. As owner of a livery or riding school, you indicate in advance how much you want the users to pay. They pay a fixed price per minute.

All payments are kept in an administration system and once a month there will be a paid out to your bank account and your payment invoice will be uploaded to the customer portal. A fixed fee per transaction is charged for this service.

No administration, no hassle with coins, tokens or tickets. You track all transactions. In short, ideal for allowing your customers to pay mobile for the use of the solarium.

- ✓ Fee App
- ✓ Cashless
- ✓ Safe
- ✓ Reliable to use
- ✓ Administration free
- ✓ Booking system
- ✓ Splash proof

Characteristics

Safety:

The unit is splash proof.

Appearance:

The smartphone payment unit comes in a shock housing and has a power cord with plug and a cable of approx. 10 m including plug for the solarium.

Maintenance:

Due to the technologically advanced design and the materials used, there is virtually no wear or corrosion, which means that hardly any maintenance is required.

Quality mark:

All payment units are provided with the CE mark as standard, and meet all European safety requirements.

Transparent prices:

At Q-Line you pay a fixed amount on every transaction. No standard, service or internet costs.

Administration free solution:

Don't waste time on bookkeeping, collecting coins, replacing cards, or struggling with refunds.

Reliable and easy to use:

Q-Line has a stable and user-friendly app for the users, which accepts all telephone numbers and payment cards, making paying with the smartphone super easy.
